

GAMMA Group mission statement

© **We live and breathe hospitality**

© **GAMMA** stands for enjoyment and outstanding hospitality. Guests who come to GAMMA Group's catering venues experience a unique atmosphere, superior service and an array of culinary delights. We serve up magical settings and cuisine of the highest quality. GAMMA represents enjoyment, quality, innovation and consistency.

© **Quality**

We only select top-quality products, we prefer to use seasonal food and we try to source from local suppliers wherever possible. Our team goes the extra mile to wow our guests with refined catering and first-class service.

© **Sustainability**

We respect the Earth's natural and shared resources. By optimising our processes according to ecological and sustainable considerations, we're contributing to the wellbeing of our environment. All GAMMA Group companies have been awarded the 'Sustainable Company' sustainability certification, for the sake of the environment and for us all.

© **Values**

GAMMA Group is a well-established and responsible employer in the Swiss catering and hospitality industry. We foster a positive working environment that encourages top performance. Our highly qualified and motivated employees are our best assets. We promote their personal development and support them with further training. Mutual respect, loyalty and the transparent exchange of information promote the transfer of knowledge and experience. We place our trust in one another and are met with a positive attitude towards change thanks to our open nature. The respectful way that we interact with one another allows us to enjoy a long-term and successful working relationship.

GAMMA Group mission statement

Safeguarding entrepreneurial freedom and protecting jobs are important to us. We take our responsibility seriously by taking conscientious and future-oriented actions. We treat our competitors courteously and respond to their market presence with respect.

GAMMA Group is a reliable and honest partner.
